Entrox Joursal: I am informed by reliable persons, who attended the celebration of the Fourth of July, at Bowling Green, that it to corner stone of the Court-house, that is to b, the ceremonies were largely mingled with personal abose and villification. A large and respectable number of the people of the county attended the celebration, among them many per-sons from Perrysburg, who went with the exectation of having a pleasant time and enjoy ing in a rational manner the celebration of our national independence. Little did they antici-pate a rehash of the low personalities and bit pate a rehash of the low personalities and bitter stang that was there poured out upon those who saw fit to differ from these on the question of removal. But in this they were sorely disappointed. The proper floods were there, ready to performs their p rt, and at the proper time Mr. Genavia, the champion of the day a 4 the almighty man of Perryaburg, assisted by some of the lesser lights, performed well their part, in tongue lashing myself and two or three thousand other rebels of Wood County. And this they called "burying the hatchet." If those gentlemen think they have made saything out gentlemen think they have made snything out of their masterly effort, they are welcome to it; I think I shall be able to stand up under all the

So far as their allusion to me in the contest case, I care but little about it, personally; b.t. I do protest against the object sought to be carled out—to keep up a bitter feeling, among the sople of the county, and then transfer it to the oditical field, pro-cribing every man who has ever dared to express an opinion opposed to their own on the county-seat question. This is apparent from every move made. The office of the county are already parceled out, according to the "ring" managers, and no per-son can hold an office that has opposed them. I think these goatlemen will discover before long, that their proceedings will receive the condemnation of a large resionity of the removal and anti-removal men of the county. When-ever the party is to be made subservient to the unscrupulous designs of such tricksters they will find that the people of the county, with one accord, will be ready to meet them sipen that issue.

EGAL NOTICE,

This new magazine is worth more than all the so-called popular magazines of the day combined. Its high moral tone, and sound, enter taining and instructive reading must insure it a surcessful career, unless the American people are given over to humbug. We predict the success of the magazine. It displays the knack of hitting the taste of young men, and furnishing them what they desire to know about living men and living things.

and Consumption.

Probably never before in the whole history of meticine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the caces of men it has rised higher and higher in their estimation, as it has become better known. Its uniform character and power to care the various affections of the lungs and throat, have made it known as a restimated protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectival remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of \$Croup, it should be kept on hand in every family, and indeed as all alsould be provision sudden attacks of \$Croup, it should be kept on hand in every family, and indeed as all alsould be provisied with this autidote for them.

Although settled \*Consumption\* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the puttent restored to sound health by the \*Cherry Pectoral\*. So complete is its mastery over the diseases of them yield to it. When nothing else could reach them, under the \*Cherry Pecstoral\* Supers and Public Speakers find great protection from it.

\*\*Asthma\* is always relieved and often wholly cured by it. and Consumption. Auction, Commission and Storage, cured by it.

Branchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.
